

Corporate Social Responsibility Policy

Align Group integrates our systems, procedures and values to illustrate their commitment to stakeholders including customers, employees, investors, suppliers, the community and the environment

Our Commitment to Corporate Social Responsibility (CSR)

Align Group recognizes CSR as a vital part of corporate activity and is therefore committed to a course of social responsibility in accordance with this CSR policy for the sustainable development of society and business.

Our Contribution to Society through our Business

Align Group will contribute to the building of a responsible society by providing high-quality services through business activities.

Our Disclosure of Information and Stakeholder Engagement

Align Group will disclose information openly and transparently in order to maintain and develop a relationship of trust with its various stakeholders, and act responsibly towards them through various means of communication.

Our Corporate Ethics and Human Rights

Align Group will undertake its business based on the principles of fairness and sincerity, act with the utmost respect for human rights and pursue a high sense of corporate ethics in its business market which encompasses diverse cultures, morals, ethics and legal systems.

Our Environmental Conservation

Align Group will strive to minimize environmental effects and utilize resources towards the development of a sustainable society that is in harmony with the environment in line with its Environment and Sustainability Policy.

Align Group will promote social contribution activities as a good corporate citizen in order to realize a better society.

Our Working Environment

Align Group will make every effort to create a pleasant and motivating working environment for all its employees and to fully support those employees who desire self-fulfillment and self-development through their work.

Our Responsible Partnership with Business Partners

Align Group will make every effort to promote fair and sound business practices among our business partners by fostering a common awareness of social responsibility.

Directors are responsible for the implementation and measurement of the CSR principles including the establishment of appropriate responsibilities.
